4) **An afternoon of shooting the GNAT!**

The GNAT hunt gives you and twenty guests the chance to use your shotguns as a formidable anti-aircraft force against a professional pilot. You will learn just how fast and maneuverable the radio controlled GNAT can be as your team flings a lead hailstorm into the air while the plane reaches speeds of up to 80mph. During each flight, the GNAT is loaded with ten separate explosive charges on its belly which brightly detonate when hit, creating a loud report and puff of smoke. If three of these "Flash Pods" are hit at once the plane can be blown out of the sky. GNAT Shooting USA will run the event from their specially designed trailer and provide twenty separate GNAT flights. Shoot must be taken by July 31, 2012
